RANKING  
2021-300  
ENGINEERING CATEGORY IN INDIA

## **VISION**

*We envision to be recognized leader in technical education and shall aim at national excellence by creating competent & socially conscious technical manpower for the current and the future industrial requirements and development of the nation.*

## **MISSION**

- » Introducing Innovative Practices of Teaching Learning.
- » Undertaking Research & Development in Thrust Areas.
- » Continuously Collaborating with Industry.
- » Promoting strong set of Ethical Values.
- » Serving the Surrounding Region and the Nation at Large.

---

### **7.2.1 Best practices successfully implemented by the Institution during the year 2023-24**

#### **Best Practice-I**

#### **FELICITATION OF PARENTS**

### **Program to make the students to realize the role and sacrifices of the Parents in their journey of Success**

The Institute strongly believes that every successful student comes from supporting parents and a happy family at home

#### **Objectives of the Practice:**

The objectives of the Practice are:

- To showcase the Institute's respect and gratitude to parents by thanking and felicitating them.
- To ensure that the students realize that his/her parents have a series of sacrifices in their success story.
- To explain in detail to all the parents the efforts put in by the institute for four years.
- To guide the students on how to progress in careers.
- To explain to the students on how to balance their personal and professional life.
- To boost the morale of the siblings and students of the next batches to bag better job opportunities.

### **The Context:**

The key issues that are addressed by designing and implementing this practice are developing the child's respect towards parents who have sacrificed their life time for more than 20 years of child's successful life and educating the student on how to balance the personal and professional life, which is very crucial for this generation of students.

### **The Practice:**

Usually in institutes only the success of students is celebrated, but in reality, their parents play a very critical role along with the Institute.

Our Institute has introduced this unique initiative to felicitate parents and thank them for all their support which has not only helped us achieve objectives of the program, but also has facilitated the Institute grow to greater heights over the years.

Meticulously designed curriculum supported by add on and value-added courses and well-planned training from I year I semester helped the success of the student. The involvement of the parents in the Mentor-Mentee process as also considerably helped in the success journey of some students

### **Evidence of Success:**

We have had lots of applause for the Parent Felicitation event. The reason being that, this event connects the emotional quotient and social quotient of the targeted audience. It has been 100% successful which is evident from the huge turn out every year. The results of this program are mostly intangible, but listed below are the outcomes we have seen in the years, that passed by

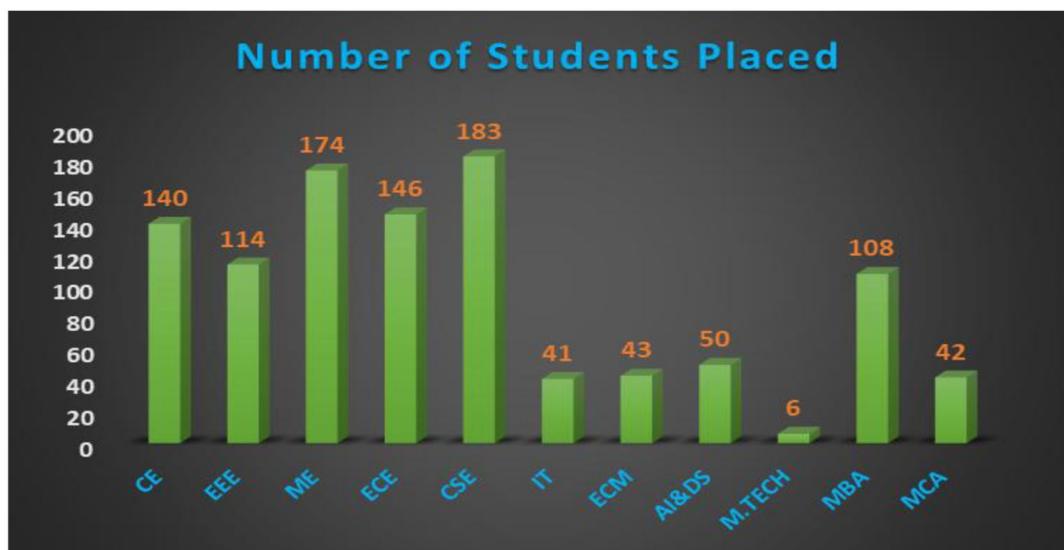

- Parents have understood in detail the programs/initiatives conducted in the institute, which led to the success of the student.
- Students of next batches are so much motivated, hence puts lots of efforts to see that their parents are also felicitated in the coming years.
- Student's siblings who wanted to pursue careers in other streams have pursued engineering careers, and have preferred to study in our institute only. 24% of our institute's students are siblings.
- Students' have developed an emotional connection with the parents and have showcased a matured respect towards the parents.
- Students have excelled in their careers and grown up the hierarchy in a short term.

The table shows the evidence of placements for the academic year 2023-24

Placement Status: 2023-24

Department	Number of Students Placed
CE	140
EEE	114
ME	174
ECE	146
CSE	183

INSTITUTE OF INFORMATION TECHNOLOGY

(AUTONOMOUS)

We are incredibly grateful for the nurturing and supportive environment provided for our child. The faculty are truly dedicated, not only to academics but also to fostering a love of learning and building strong character. We've witnessed a remarkable improvement in our daughter confidence and overall development since joining this VIGNAN college and we feel proud for achieving this placement.

We are really glad to admit our daughter in such an excellent place of education and overall development skills which are very helpful for her bright future. I like the fact that the teachers and staff are very caring. They give my daughter more individualized attention than she had before.

Thankful to the faculties as they are very much supportive, helpful and the **Placement Cell** which is also doing great job by arranging excellent **placements**.

Beside VSEZ, Duvvada, Vadlapudi Post, Gajuwaka, Visakhapatnam - 530 049.

The placement opportunities provided by the institute opened doors, helping me land a fulfilling job in software company.

VEMPADAPU GEETHIKA PRIYA

Dept of CSE

Placed in Amazon

I'm grateful for the guidance and resources that guided me to a fulfilling career in IT industry

DUVVI SATYA SAI

Dept of MECH

Placed in SANMAX MERCADO

Career workshops and mock interviews boosted my confidence, resulting in a rewarding position as software engineer

GONDESI CHARAN SAI KUMAR

REDDY

Dept of CSE

Placed in Cisco

**Problem encountered and Resources required:**

- The major problem is organizing the event in a well-planned manner, ensuring that none of the 6000+ attendees are dissatisfied.

**The Resource requirement:**

- Allotment of different works to teams of faculty and staff members.
- Publicity team is created to call every parent personally and invite for the event.
- Reception team to receive the parents on the campus, and ensured to be comfortable.
- Decoration of 3600 square meters auditorium, which makes the event livelier.
- Arrangement of lunch on campus with traditional cuisine.
- Felicitation every parent traditionally with a shawl and memorable memento.

**Impacts:**

- Respect towards parents by their wards has been increased by many folds (feedback from parents)
- Gratitude towards the Institution is enhanced.
- Numbers as well as quality of placements are increased.
